

Column Tank

Sustainable Garden Watering

Premium Quality, Column Water Butt

The Column Tank offers an attractive design with a large 500 litre storage capacity. This tank should be filled via a 3P Filter Collector to deliver clean, fresh and disease free water which can be pumped easily. Connect using the set supplied, access is via the tight fitting lid. The 3P Forta Duo Pump can be attached using the 3P Forta Duo 3/4" Connector Kit with the 3/4" metal threaded outlet.
